Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on September 1, 2010 has been entered and made of record.

***Allowable Subject Matter***

3. Claims 15, 16 and 19-21 are allowed.

The following is an examiner's statement of reasons for allowance: the closest prior art made of record fails to teach or suggest an image processing unit for computing a sequence of output images on basis of a sequence of input images, comprising, a motion estimation unit for computing a motion vector field on basis of the input images, the motion vector field comprising motion vectors, wherein each of the

motion vectors belongs to a group of pixels, a quality measurement unit for computing a value of a quality measure for the motion vector field, an interpolation unit for computing a first one of the output images by means of interpolation of pixel values of the input images, the interpolation being based on the motion vector field, and control means to control the interpolation unit on basis of the quality measure, characterized in that the quality measurement unit is arranged to compute the value of the quality measure on basis of the maximum of the differences between the motion vectors, wherein the motion estimation unit, the quality measurement unit, the interpolation unit, and the control means are implemented using a processor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
